**8/17 ANNUAL SURVEY OF FAMILY DAY CARE RATES**

Day Care Connection surveys its family day care providers annually to learn of market conditions. Child care costs vary greatly & can be effected by supply or ability to pay, rather than by quality. Our referral service is conveniently organized by grade school attendance areas. Averages are listed beside highest/lowest rates. Policy responses are also summarized.\* Respondents are licensed by KS Dept of Health & Environment. They participate in Child & Adult Care Food Program, which often indicates a higher degree of professionalism. We hope this data is useful in providing a clear picture for both providers & parents.

\* Data given may not represent entire caregiver population.
