8/21 ANNUAL SURVEY OF FAMILY DAY CARE RATES

Day Care Connection surveys its family day care providers annually to learn of market conditions. Child care costs vary greatly & can be effected by supply or ability to pay, rather than by quality. Our referral service is conveniently organized by grade school attendance areas. Schools not listed had either no responses or no providers present. Averages are listed beside highest/lowest rates. Policy responses are also summarized. Respondents are licensed by Kansas Dept. of Health & Environment. They participate in Child & Adult Care Food Program, often indicating a higher degree of professionalism. We hope this data is useful in providing a clear picture for both providers of care as well as parents seeking care.

(Data given may not represent entire caregiver population.)
